). He was born to an Austrian noble family and held the rank of cadet in the Service. Brauml, a World War I combat veteran, saw combat in the Great War on the front lines. He spent the better part of the war trying to kill fellow soldiers and ultimately, to kill himself. Instead, he was captured and sent to prison, where he escaped and went on the run for four years. He sought to evade capture for many reasons. One was his desperate fear of the war that had claimed so many of his comrades and who knew what it was doing to him? Another was his certainty that the war would be ended soon and that if he was caught he'd surely be executed. He didn't think he could keep up the fight in prison and would rather die fighting than be captured, but he also felt a strange admiration for the general who had captured him. To him, he was the embodiment of the finest fighting man he knew – a man who had lost the use of his legs and yet found another way to survive. Brauml felt he was the same – a man who had lost something of value, but who found a way to continue living. I've never been a writer, but my books are written in that style. My books have an air of truthfulness about them, a sort of realism. It's also the way I see the world. I have this strange, sometimes bizarre mind, and I think a lot like a writer. These are the kinds of books I love reading. There are many kinds of mystery books. There are puzzles and puzzles and puzzles and puzzles. There are mysteries that are solved by a gifted, clever sleuth. There are mysteries that are solved by investigation. There are mysteries that are solved by logic. There are mysteries that are solved by ... well, everything. Most of the time, a good mystery is a mystery that is thoroughly researched and creates a satisfying read. I've been accused of making up things I've read. But I don't! I've read just about every book and short story collection available and then I reread them. I've even read some books several times. My library has over 120 copies of Saki's stories. I have a collection of the first six P.G. Wode 82157476af
